Insurance Contracts

The physician's of Women's Healthcare of Norman are contracted with most major insurance companies. However, there may be several different policies with each insurance company that we **may not** be contracted with. Please feel free to call your insurance provider to determine if our physicians are contract providers for your insurance plan. The insurance company will need the physician's tax ID number, so they have been provided below:

Questions regarding coverage should be directed to your insurance company.

The Norman Regional Healthplex is a separate entity than our physicians, and **may have different contract** than our physicians (i.e. our physicians may be contracted with and vice-versa). It is your responsibility to determine if the Norman Regional Healthplex is a contracted facility with your insurance policy.

Please remember that insurance contracts and policies can change on a yearly basis.
